Enable SAP Cloud Platform Integration Suite

To start working with SAP Cloud Platform Integration Service prerequisite would be enabling SAP Cloud Platform Integration Suite. Login into your trial account or create new one as shown below.

Step 1 : Login into your trial account

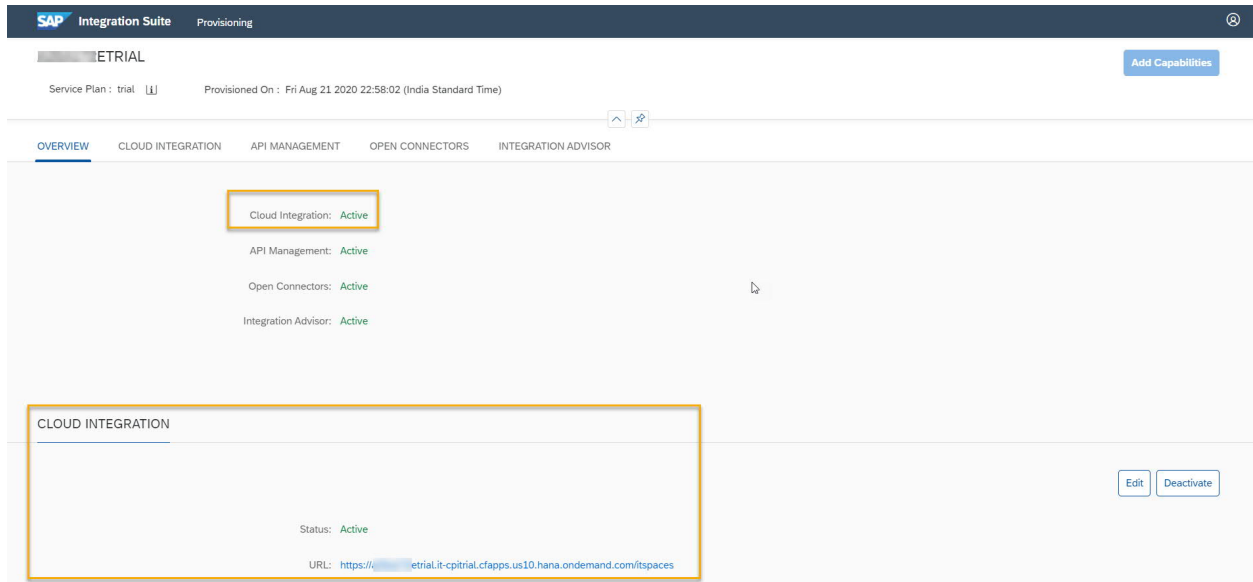

<https://account.hanatrial.ondemand.com/trial/#/home/trial>

Once you have SAP CF Trial account follow below blog to enable SAP Cloud Platform Integration Suite.

<https://blogs.sap.com/2020/05/11/integration-suite-simplified-onboarding-and-provisioning/>

Once you have enabled you should be able to see below with all the Integration Suite enabled.

Build your first IFlow

Login into you SAP CPI tenant and follow below developer tutorial

<https://developers.sap.com/tutorials/cp-starter-integration-cpi-design-iflow.html#e5ad7e03-2657-4c22-8ce9-b5946da2f73c>

Open SAP Course

To get Overview on SAP Cloud Platform Integration Suite register for below Open SAP Course.
